To Whom It May Concern,

Ed Leffler has worked as a Microsoft Dynamics SL consultant for Ivey's Construction, Inc for the past two years. Ed possesses a very thorough knowledge of Microsoft Dynamics SL software, and he has come up with some very innovative ideas. When it came time to upgrade our Dynamics SL, FRx, and Business Portal, Ed did a great job and saved us both time and money.

Based on Ivey's experience, I would highly recommend Ed Leffler as a Microsoft Dynamics SL software consultant. Ed has been a pleasure to work with. If you need any additional information, please contact me.
